Building Community

Hello Friendship Academy Families,

We are one week into our 2020-21 journey and I appreciate your trust, patience, and flexibility as we navigate the new world of education. We are in this together and it's going to take all of us working together to ensure high quality education continues regardless of the challenges we face.

This week our social emotional focus on Building Community. This helps scholars and classrooms feel grounded in their identity, understand who they are, have a vision for where they are going, and a network of support to help them get there. We are so excited that you have chosen Friendship Academy to build a better community with.

Below you will see a number of helpful links information needed to provide the support and answer questions you may have.

Sincerely,

Dr. B. Charvez Russell
