

Friendship Insider Iss. 66 - Be Proactive (Safety Week)

September 27, 2020

B Week

Habit 1: Be Proactive (Safety Week)

Hello Friendship Academy
Families,

Welcome to week four into our 2020-21 journey and I appreciate your trust, patience, and flexibility as we navigate the new world of education. This week we are focused on Habit 1-Be Proactive. Being proactive is about taking responsibility for your life.

Proactive people recognize that they are "response-able." They don't blame genetics, circumstances, conditions, or conditioning for their behavior. They know they choose their behavior or as we say, they choose their weather. **Click here** for a video to see an example of how we will have these conversations with scholars.

A part of being proactive is safety so this week is Safety week. This is the time we we focus on all of our safety drills (fire drills, tornado drills, lock down drills, and reinforce our Covid-19 safety guidelines and protocols. You will also find a help self-screening tool to use if there are any questions

Key Dates

September 28th 5pm - School Board Meeting

DO A DAILY HEALTH SCREENING Before Sending Your Child to School

To help ensure safe and healthy schools, we request that all parents/caregivers perform a daily health screening for their students prior to sending them to school on an in-person learning day. Please use the Minnesota Department of Health (MDH) **screening tool**. Here is a summary of the screening tool:

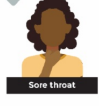

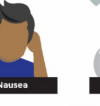

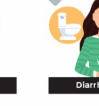

Does your child have one or more of these symptoms?

<input checked="" type="checkbox"/> Fever of 100.4 degrees or higher	<input checked="" type="checkbox"/> Difficulty or trouble breathing	<input checked="" type="checkbox"/> New cough or a cough that gets worse	<input checked="" type="checkbox"/> New loss of taste or smell
			

If you answer "Yes" to at least one of the above symptoms:

- ▶ Please keep your child home when sick. DO NOT send them to school.
- ▶ Contact your school's attendance line to report your child absent.
- ▶ Consider contacting your health care provider.

Does your child have two or more of these symptoms?

<input checked="" type="checkbox"/> Sore throat	<input checked="" type="checkbox"/> Nausea	<input checked="" type="checkbox"/> Vomiting	<input checked="" type="checkbox"/> Diarrhea	<input checked="" type="checkbox"/> Chills
				
<input checked="" type="checkbox"/> Muscle pain	<input checked="" type="checkbox"/> Excessive fatigue (extreme tiredness)	<input checked="" type="checkbox"/> New or severe headache	<input checked="" type="checkbox"/> New nasal congestion or runny nose	
				

If you answer "Yes" to at least two of the above symptoms:

- ▶ Please keep your child home when sick. DO NOT send them to school.
- ▶ Contact your school's attendance line to report your child absent.
- ▶ Consider contacting your health care provider.

Close Contact

<input checked="" type="checkbox"/> Has your child had close contact (within 6 ft for 15 minutes or more) with anyone who is positive for COVID-19, OR do you have a household member waiting for COVID-19 test results?	<input checked="" type="checkbox"/> Please keep your child home. Your student can return 14 days after the last close contact with someone with COVID-19.	<input checked="" type="checkbox"/> Even if your child has a received a negative COVID-19 test, they cannot return to school until 14 days have passed since they had close contact.
