

Family and Community Collaboration Meeting

March 13, 2018

Topic: Daddies & Donuts

“Daddies & Donuts” honored fathers and father figures of FAA scholars. This event was sponsored by the Family Involvement Committee.

>There were two speakers from the community to speak on the importance of men in the lives of children the family and the community, Mr. Oscar Reed – Former NFL Player and Rep. Jeremiah Ellison. They talked about the importance of male figures in their lives and the impact it made on them.

>Entertainment provided by the FAA choir and stepping by the FAA Steppers.

>The food was great and of course the Donuts were a big hit! There were great heart-warming moments of FAA scholars and their fathers.

>This was the largest FIM attendance yet for FAA with well over 200 people so many that we were tight on enough food. (What a great problem to have).

>A group photo was taken of all the men.

This meeting went viral because not only was the meeting well attended but the number of men at a school FIM /PTA meeting was possibly a record.
